Portfolio: [your portfolio URL]

PROFESSIONAL SUMMARY

Aspiring developer focused on building responsive, accessible, and user-friendly web applications. Learning and applying modern frontend technologies while developing full-stack skills and exploring secure web development practices. Eager to contribute to practical projects, strengthen engineering fundamentals, and write maintainable code.

TECHNICAL SKILL

Frontend: HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Tailwind CSS
Backend & Data: Node.js, Express.js, MongoDB, REST APIs (project-based practice)
Tools: Git, GitHub, Visual Studio Code, Vercel
Security focus: Secure coding fundamentals and web application security (learning focus)

SELECTED PROJECTS

Bazar Dor — Bangladeshi Market Price Tracker
Tech: Next.js, React, TypeScript, Tailwind CSS, REST API, Better Auth, MongoDB
A market-price tracking web application with product/category browsing and a price-focused interface. Live demo: https://bazar-dor-nextjs-app.vercel.app/

FitLog — Workout Library
Tech: Next.js, React, TypeScript, Tailwind CSS, REST API
A fitness project for exploring workout content, muscle categories, and workout details in a responsive interface. Live demo: https://fitlog-nextjs-app.vercel.app/

Wanderlust — Travel Destination App
Tech: Next.js, React, JavaScript, REST API
A travel-focused practice project involving destination-related UI and API integration. Update this description to reflect only features you have completed.

EDUCATION

Bachelor of Science in Computer Science and Engineering (B.Sc. in CSE)
International Islamic University Chittagong (IIUC), Chattogram, Bangladesh
2022–Present
Higher Secondary Certificate (HSC)
Cox’s Bazar Government College, Cox’s Bazar, Bangladesh
2020–2022

ADDITIONAL INFORMATION

Interests: Full-stack engineering, web application security, performance, accessibility, and clean UI implementation.
